 - Ideally within my current industry but am also open to manufacturing.
- What is your unique value proposition or what do you want to be known for professionally?
 - Problem solver, critical thinker, ability to get things done. ability to multi-task, quick learner, able to de-escalate situations, present to C-suite executives, navigate multi-cultural teams, global knowledge (international transactions and export/import processes), team builder and motivator.
- What types of opportunities do you want to attract through your CV and LinkedIn job offers, speaking engagements, networking?
 - Primarily networking

2) Professional Experience: For each role, please review if anything is missing from this list:

- Top 3-5 key responsibilities in each role.
 - Sr. Director Global Sales Operations (2016-To date)
 - Supported our WDCS and Worldwide accounts sales team (Please do not list this on the LinkedIn profile – but this revenue business for our company is over \$3billion)
 - Effectively manage a team of 5 remote employees
 - Provided Tactical, consultative and strategic support to both our national, regional and global teams as well as our customers.
 - Enhanced the customer experience on multinational opportunities by coordinating efforts across all regions on large, complex and multinational RFI, RFP and RFQ requests in collaboration with our

proposal development team, sales and finance leadership as well as our various business development teams.

- Supported the sales organisation with contract negotiations, inventory sourcing, vendor pricing requirements, product compliance and import clarifications.
 - Continued supporting and educating the larger organisation post-merger (2020)
- Biggest achievements or successes? (e.g., projects completed, revenue generated, processes improved)
 - Prior to promotion to Sr. Director Global Sales operations, managed a new customer and their global project deployment in Brazil and India (two very complex countries to do business), total revenue generated for these two projects was \$40million at a very healthy margin.
 - Assisted sales on an RFP pricing negotiation that led to a contract win additional revenue for the company was north of \$20 million (net new business).
 - Collaborated with our regional team to win a deployment in Europe for \$300K
 - Any specific metrics you can share? (e.g., percentages, numbers, KPIs, ROI)?
 - Customer's timeline was 4 months, we delivered projects based on their call offs within 3 months. Met customer's ontime deployment at 100%. Onboarded 5 new vendors within 30 days (normal onboarding timeline is 60-90 days).

3) Skills & Competencies:

- What hard skills or technical competencies do you use most in your work?
- What soft skills (e.g., leadership, communication, problem-solving) have been critical to your success?
 - System knowledge
 - Process knowledge
 - Global process knowledge

- Team builder & motivator
- Effective and timely problem resolution
- Thinking outside the box
- Monitoring and escalating issues in a timely manner
- Understanding different cultures
- Able to manage “teams” who are not direct report.
- Are there any specific skills you want to emphasise for your next role?
